## STUNG BY CRUSHING DEFEAT SUSTAINED IN FLANDERS FIGHT GERMAN ARMIES HAVE FOR THE TIME ABANDONED ATTACKS

### GERMAN BLOW AGAINST THE AMERICANS

American troops hold the line clear around the St. Mihiel salient from the heights of the Meuse to Seicheprey about a twenty mile front. The heavy enemy attack of April 19 and 20 centred against Seicheprey, and was apparently an attempt to separate the Americans and the French. The attack failed completely.

### POPE WILL MAKE MOVE FOR PEACE REPORT SAYS

Cologne Newspapers State that on Whit Sunday Pope Benedict Will Make a More Pressing Demand.

New Peace Offensive by Germans Has Been Anticipated by Allies, and This May be Beginning.

Rumors of Overtures by Austria to Italy Persist.

Italy to consider it in her own interests.

That a "peace offensive" would be made by the Central Powers in the event the German offensive on the west appeared abortive has been predicted frequently in allied capitals. This may be the beginning.

### WOUNDED SOLDIERS BACK FROM FRANCE

By Associated Press Dispatch. Washington, May 1.—A total of 113 sick and wounded soldiers were returned to the United States from France in the week ending April 26, the Surgeon General's office today announced.

### OHIO IN FRONT OF LOAN DRIVE

By Associated Press Dispatch. Cleveland, O., May 1.—Ohio has subscribed \$155,645,050 of the total liberty loan bonds sold in the Fourth Federal Reserve District, according to the official figures last night. Of the 1301 honor flags floating in the district, 976 are flying in Ohio.

### NEARLY 9000 MEN WANTED BY CROWDER

By Associated Press Dispatch. Washington, May 1.—A call for 8,985 additional draft men was issued today by Provost Marshal General Crowder. They are to be sent to 22 institutions for a two months' course in training in various mechanical studies.

The men will be mobilized May 16th with the exception of those from Virginia who will be called May 23rd. They will receive training at auto mechanics and chauffeurs' mechanics, blacksmiths, sheet metal workers, general mechanics, carpenters, electricians, radio operators, concrete workers and telegraphers. They will be unassigned until after the completion of their courses.

Presumed that Von Arnim Is Reforming His Shattered Forces.

Bringing Up Reserves for a Renewal of Drive for Hill Positions.

Drive of Germans Not Only Failed to Net Advance but Brought Heavy Losses of Positions Gained in Former Effort.

American Artillery Active.

British Capture 900 Prisoners in Mesopotamia.

By Associated Press Dispatch.

Stunned by the severe punishment inflicted by the British and French the Germans in Flanders have given up for the moment their attempt to gain further hill positions west of Kemmel.

Meanwhile it is presumed that General Von Arnim is reforming his battered forces and bringing up new reserves to hurl against the allied defense.

German occupation of Mt. Kemmel, although a strategic loss, has not enabled the enemy to encroach further into the allied positions southwest of Ypres nor has it apparently brought any nearer the evacuation of the Ypres salient.

In their disastrous repulse Monday the Germans not only failed to gain, although using larger forces than the defenders, but were driven from some positions held since last week.

A German attack in the Noyon sector brought the enemy into French positions from which they were thrown out in spirited fighting.

American artillery on the Picardy front has been busy shelling enemy targets but there has been no infantry activity.

In Mesopotamia General Marshall has advanced north northeast of Bagdad, captured two towns and 900 prisoners.

### ADDITIONAL UNITS NATIONAL GUARD

By Associated Press Dispatch. Washington, May 1.—Indications that the War Department has decided not to accept any additional national guard units in the forces sent abroad was seen today in an order sent to the governor of Minnesota instructing him to disband the second Minnesota artillery.

The Minnesota authorities were anxious to have the unit in service as evidence of the loyalty of the district in which it was formed.

### MENACED THE WIRELESS

By Associated Press Dispatch. El Paso, Texas, May 1.—Four sticks of dynamite, 30 feet of coiled copper wire and detonating caps were discovered late yesterday buried under the base of the steel wireless tower at Ft. Bliss. The explosive was found by an officer who was training his men near the tower.

### VON HERTLING GIVES WARNING TO THE PLUTOCRATS OF PRUSSIA

Declaring that "plutocratic suffrage giving political right to wealth is no longer possible in our nation," Chancellor Von Hertling has informed the lower house of the Prussian Diet it must pass the electoral reform bill or give up more right to the people through force. He threatened the Prussians with revolution if they did not meet the demand speedily.

Apparently the Chancellor feared grave disorders if the reform bill, which he admitted was hedged around with safeguards, is not passed. A motion to postpone action was defeated 5 to 1.

### MONDAY LOSS BY GERMANS IS STAGGERING IN EXTENT

Later Reports Confirm First Reports of Allied Victory.

No Such Powerful Augury for the Allies Since War Began Than This Ten-mile German Failure.

(Associated Press Cable) London, May 1.—As details of Monday's fighting are received confirming the fact that it was the worst day the Germans have experienced since the opening of the great offensive, the English newspapers, hitherto reticent in view of the fluctuation of the battle, now comment on the operations in a tone of confidence they have not hitherto displayed. The Times says:

"Of all the violent combats witnessed in the last few weeks we know of none which is a more powerful augury for the allies than this ten mile German failure."

It is pointed out that the public is not likely to reckon victory in terms

### RECORDS SMASHED.

Washington, May 1.—All records for the number of subscriptions to liberty loans were broken today when Treasury tabulations showed approximately 12,000,000 persons have bought bonds of the third issue. Total subscriptions were sent above \$2,500,000,000 by early reports.

of offensive success but a defensive victory like that of Monday may contribute equally to the success of the campaign, namely—the destruction of the enemy's fighting strength. From this view the Germans, despite their spectacular success, can be regarded as having had the worst of the balance of nearly six weeks of fighting, for it must not be forgotten that they sustained a series of disastrous losses of which that of Monday was the most sanguinary of them all.

### ARTILLERY DUELS

(By Associated Press Cable) Paris, May 1.—Artillery duels of some intensity occurred last night on the Somme front near Villers Bretonneux and on both sides of the Avre south of Amiens, says today's war office report.

### CASUALTY LIST

By Associated Press Dispatch. Washington, May 1.—The casualty list today contained 72 names, divided as follows:

Killed, 8; died of wounds, 1; died of accident, 1; of disease, 3; other causes, 1; wounded severely, 5; slightly wounded, 51; wounded in action, 2.

### CONDEMNED AWAIT WORD FROM WILSON

By Associated Press Dispatch.

Washington, May 1.—There was indications today that President Wilson would make an early decision in the case of the four American soldiers sentenced to death by court martial in France for violation of the articles of war. Two of the men were sentenced for sleeping at their posts and the others for disobedience.

There has been nothing as to what the President will do but it has been strongly urged that clemency be shown.

### AMERICAN FORCES ARE GROWING FAST

By Associated Press Dispatch.

Washington, May 1.—"American military forces in Europe constantly are on the increase," Secretary Baker today told a conference of ship owners and leaders of seamen's unions.

"The increase in cargo and troop ships enables us to augment our forces abroad steadily," he said. Mr. Baker said a vital necessity of continuing the American military effort lay in the provision of adequate cargo space.

### BAKER AIMS TO HAVE ARMY OF 3000000 MEN IN FIELD

Secretary of War to Ask Blanket Authority of Congress Tomorrow.

By Associated Press Dispatch.

Washington, May 1.—Secretary Baker will appear before the House Military Committee tomorrow to represent the administration program for increasing the army to meet the German drive. The exact form of his recommendations is not known but there are indications that he will not confine himself to specific figures asking for blanket authority to raise all the troops it is found possible to clothe, equip, and ship to France.

It is known that War Department officials have been convinced it will be possible to handle at least 3,000,000 men this year. It is therefore believed Mr. Baker will indicate to the House Committee tomorrow that additional men will be mobilized if authority is granted.

In connection with the increase the War Department is inclined to expand existing cantonments and the pick of the national guard camps to accommodate additional troops rather than to the construction of new cantonments.

### AMERICANS BAG ANOTHER ENEMY PLANE

(By Associated Press Cable)

With the American Army in France, April 30.—A German airplane was brought down in enemy territory last night by Captain Normal Hall of Colfax, Iowa, and Lt. Edward V. Rickenbacher of Columbus, Ohio, after a duel over the American lines on the Toul sector.

The Americans peppered the machine with bullets and drove it down until it fell behind the German trenches. The men returned from the fight unscathed. This was the third enemy machine to be bagged by the Americans in three weeks, while several others have been reported brought down unofficially.

By Associated Press Dispatch.

New York, May 1.—LL "Eddie" Rickenbacher, victor in an air duel over the German line in France, resigned as chauffeur at the Wheel of cause he wanted more speed, according to his friends here. He obtained a commission in the aviation service within three months from the time he left the United States.

"Eddie" who is hero of many thrill races in this country and holder of a number of records at 30, said on the eve of America's entry into war that these race drivers would turn airmen. He was one of the first to fulfill his prediction.

# THE LAST VESTIGE OF GERMAN STUDY GONE FROM SCHOOL

At a meeting of the city school Board on Tuesday afternoon, the work of eliminating the study of German from the course in the local schools was consummated. Early in 1917 before the United States declared the existence of a state of war with Germany the local Board of Education by resolution, began the work of eliminating the study of German.

At that time, however, there were about fourteen students who had been taking the German course and who would have lost their high school credits unless some provision was made—a manifest hardship on the students.

To meet that contingency the Board of Education provided that during the present year those students could comply with the requirements of the school ratings by reading and studying a French novel in the German language and that course has been followed.

On Tuesday afternoon after consultation with superintendent and instructors, had satisfied the members of the Board of Education that it was possible for the students to obtain their credits it was determined to strike the last vestige of German study from the school course.

It is worthy of note that the local Board of Education was one of the first in the state to begin the work of eliminating the study of German and it is worthy of note also that it is one of the first to complete the work of elimination.

## PATRIOTIC MEETING HELD AT GOOD HOPE

A rousing patriotic meeting was held in Wayne Hall at Good Hope, Tuesday night, addressed by a number of citizens, including members of the Fayette County War Work Council, and Chillicothe, and in which the Washington High School Glee Clubs, under the direction of Miss Sheen, took a prominent part.

A great deal of enthusiasm was found in Wayne township, and before the meeting was over it was announced that West Wayne is to hold a big Red Cross and War Chest auction in the near future.

Those delivering speeches at the meeting, which was presided over by Mr. Wm. Thomas Steers, included M. S. Daugherty, Henry Brownell, Atorney Tinker, of Chillicothe, J. D. Post and Col. Lon Sweetson, of Chillicothe.

The hall was packed with enthusiastic citizens and patriotism ran high.

The Washington Glee Clubs are doing a notable work assisting the committee.

## LOUIS PERRILL IS RECOVERING SLOWLY

County Commissioner Louis Perrill who has been in the Grant Hospital at Columbus, the past week or ten days, is able to be about once more and is slowly regaining his usual strength after a severe operation in which a large tumor was removed from his shoulder.

For some three years Mr. Perrill has suffered as result of the tumor, and last week he entered the Grant Hospital and submitted to an operation for removal of the tumor, which was successfully accomplished.

## RED CROSS SALE HERE SATURDAY

A big Red Cross Auction of large quantities of farm produce and home cooking and baking will be held in this city Saturday afternoon at one o'clock, the exact place to be announced later.

The sale is to be held by the Sugar Creek Baptist church and community, and the usual high class produce will be offered. The entire proceeds are for the Red Cross.

## SAVINGS STAMPS EXCEED \$200,000

The sale of War Savings and Thrift Stamps in Fayette county is now considerably in excess of \$200,000 and is showing a healthy growth each week.

Many persons are placing virtually their entire savings in War Savings Stamps.

## MISSIONARY ADDRESS THURSDAY EVENING

A missionary address, Rev. M. H. Russell, of Monticello, Ky., will give an address on his work in the mountains of Kentucky and Tennessee, Thursday eve 8 p. m. at the Church of Christ in Christian Union Chapel on Gregg street. All are cordially invited.

Y. W. F. M. S.  
The Young Woman's Foreign Missionary Society of Grace Church will hold their regular meeting in the church parlors, Thursday, May 2, at 2:30.

D. A. R. Donate Jellies To Base Hospital.  
For the second time this year the Daughters of the American Revolution have sent a large donation of jellies, grape juice, elderberry wine and preserves to the Base Hospital at Camp Sherman.

The Daughters responded generously and were greatly pleased with a choice assortment of delicacies which were sent it by a number of non-chapter women in both town and county. Several women, who found their supply of jellies at a low ebb made delicious fresh marmalade and preserves.

The entire assortment included 30 pints of grape juice and elderberry wine; 17 pint jars of jelly; 6 pint jars of preserves; 115 glasses of jelly.

The assortment was taken over by Mrs. W. B. Woodward, Regent and daughter, Miss Ada; and Mrs. George H. Hitchcock. Mr. Hitchcock drove them over.

The commanding officers at the Base Hospital were enthusiastic in their expression of appreciation.

Twice a year the local chapter Daughters of the American Revolution is planning to send jellies to the Base Hospital, so it behooves the Daughters to put up an extra amount.

Record Work of Ohio Daughters  
Local Daughters will share in the gratification aroused by the report that Ohio Daughters of the American Revolution have collected more money for war relief activity than any other state in the Union; also that they have adopted and are providing for more French orphans than anyone other state.

New Red Cross Unit  
A new Red Cross Unit of the Lewis pike neighborhood was organized at the home of Mrs. C. H. Michaels, on the Lewis pike Tuesday afternoon.

Mrs. V. J. Dahl, Mrs. E. F. Todhunter, Mrs. Howard Engle and Miss Mary Craig, of the Washington Unit effected the organization. Mrs. H. T. Thompson elected chairman.

The county women are responding splendidly to the call of the Red Cross and many new Units are being formed.

Change in Cutting Department  
Mrs. H. C. Anthoni succeeded Mrs. Alice Moorman as head of the cutting department of the Red Cross work shop Tuesday. She will be assisted by Mrs. D. H. C. Bowen and Mrs. Morris Baker in the management.

Mrs. Moorman has given competent and faithful effort that is fully appreciated at the work shop for many months.

## TESTED RECIPES FOR WAR TIME

Scalloped Potatoes  
Wash, pare and slice potatoes into cold water. In greased dish place a layer of these potatoes, sprinkle with salt, dot over with one half tablespoon fat. Repeat this until the baking dish is nearly filled, then add hot milk until it may be seen through the top layer. Bake one and a quarter hours in a moderate oven or place back of the stove and cook slowly. The milk should not boil. A little grated cheese may be sprinkled over each layer if desired.

Waldorf Potatoes  
Cut cold boiled potatoes into cubes and mix one cup potatoes and one-half cup cream sauce, having previously added four tablespoons of grated cheese. Pour over potatoes and heat slowly without boiling.

## FAYETTE COUNTY GIRLS HAVE CHANCE

Fayette County girls are going to do "their best" this summer at home to help win the war by canning, drying, and preserving food. Uncle Sam, domestic science specialists of the Ohio State University, and the entire county school system will back them.

O. S. Nelson, county superintendent of schools, and his co-workers are organizing the girls of the county into food clubs. Any girl in the county between the ages of 10 and 18 may join. Monthly instruction sheets prepared by home economics specialists of the Ohio State University will be furnished. Two personal visits for the purpose of giving demonstrations will be made by these same workers. The canning and drying of foods according to the latest and most practical methods will be taken up at one of these demonstrations. The other will be given over to the baking of war breads. The expenses for this work are taken care of by federal and state appropriations.

All who enroll will have an opportunity of making an exhibit at the county fair and of competing for a number of valuable prizes. The first prize will be a trip to Columbus for the Farmers' Week program at the Ohio State University, January 27-31, 1919. All expenses on the trip will

be paid by the Fayette County Agricultural Society.

Herbert Hoover, national food administrator, says that joining a food club is one of the best ways for a girl to give a practical demonstration of her patriotism.

Applications for enrollment may be made to county superintendent of schools, or to W. H. Palmer.

### We Must Be Careful

We must, all of us, be careful not to make too literal or too narrow an application of the great truths which the war is slowly, but with terrible and cruel certainty, revealing to humanity.

Now after nearly four years of war the people of the world are searching for the true lesson which the war is teaching, striving sincerely to so reform their conduct as to bring it onto the higher moral plane, to correct the evils which have brought this awful scourge upon them.

That humanity has drifted too far away from the teachings of the Nazarene, that humanity has forgotten the Creator and has grievously sinned in deed and thought are proclaimed from almost every pulpit in the world. At the same time that our errors are pointed out, in general and sweeping phrases, we are told that humanity must repent of its sins, renounce the course so long followed and make amends before peace can come.

All of which is true. The mental and moral viewpoint is wrong, else humanity would not have its throat gripped by the bloody hand of the Prussian barbarian. The scourge has come. Civilization, the result of the efforts of mankind through centuries, is in jeopardy and humanity must fight for its life.

All the forces of good must meet, on the bloody field of battle, the forces of hate and ill will. It is a battle to the death between right and might. Upon its result depends, according to our limited vision, the future of the world for scores of centuries. Darkness threatens to engulf the world, through which mankind can only make its way to the light again by the long path which has led us from the barbarian chieftains to the learned and kindly men of today.

Why? Why is the world menaced? Why must the better impulses of the human soul be again threatened with annihilation?

Why is barbarism permitted to attack civilization with drawn sword?

These are the big questions and we must take care that we do not find an answer, satisfying to ourselves in too small a sin and do penance in too small a way, lest the great truth be overlooked entirely.

This is an appalling calamity—this world war of the Huns—and the underlying fault if found in human thought or deed must be an appalling fault and the penance must be commensurate if penance will turn the tides of war and bring peace.

### A Look About Us

While there is no need to become alarmed, no excuse for pessimism, it is entirely proper for the American people to look at the situation in the war zone squarely and honestly.

The British and French and Belgians and the, comparatively small, American force have fought heroically and thus far have withstood the terrible attacks of the Huns, losing some territory but still maintaining their grasp on pivotal positions and keeping their battle lines intact.

The Germans are fighting desperately with all the fury and force of which the barbarian, in utter disregard of human life, is capable.

The splendid armies of the allies are "back" just about as far as they can go without seriously endangering the channel port cities and endangering the junction point of the British and French lines.

Germany has a monstrous army and her war lords are willing to sacrifice hundreds of thousands of lives to break through and destroy the British army, occupy France and dictate terms of peace.

Suppose that would happen? What, in such an event, would be the position of the United States?

That is a gloomy supposition but one not beyond the possibility of becoming a reality.

It is referred to at this time for the purpose of disillusioning all those Americans who think the war is a long way off from us and that we are fighting for an ideal—fighting to make democracy safe throughout the world.

This war is one in which this nation is directly interested not only that our form of government may be safe to us, but in a material sense as well.

Anyone who has any doubt about that will have those doubts removed by a look at the map. Take the map of France and figure what a little distance it is from the present battle line to the channel ports. A little speculation, supposing the channel ports to have fallen to the Huns will reveal just what sort of a material demand Germany would then make on this nation for peace.

Those people who see only the ideal as our object and can't realize the value of that ideal may, by a very short flight into the realms of speculation, see clearly the material danger and just how close the menace is to us.

### Poetry For Today

**CARRY, CARRY ON**  
 With a smile that's ever cheering  
 A heart attuned to song;  
 And a vision, ever clearing,  
 To light the path along;  
 With a faith that He is hearing  
 Our prayers to right the wrong;  
 With face aglow  
 For weal or woe,  
 We'll carry on, carry on.  
 With a courage that is hiding  
 Whatever pain we feel;  
 And determination guiding  
 Our sacrifice and zeal;  
 With a trust that's e'er abiding  
 In Him who hears appeal;  
 For righteous peace  
 We'll never cease  
 To carry, carry on.  
 With endurance ever shielding  
 A hope forever bright;  
 And a soul that is unyielding  
 In battling for the right;  
 With a will forever welding  
 New valor in the fight;  
 With Spartan heart  
 We'll do our part  
 To carry on and on.  
 —By Little McClung of The Vigilantes.

What a different May day to the boys over there, among the hills and valleys of dead things, compared with other May days most of them can remember not long ago. Among all that horror of desolation, if they could see one little flower peeking its head out of the shell-torn ground—they might look upon that flower and realize that there will soon be something better—something that will grow and bloom for years and years after the blood-drunk Huns have been forgotten. And that is an eternal peace and a better world in which to live. Isn't it worth striving for?

### STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition of energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists

If your hens fail to hatch all the chickens they can take care of send Brownell \$1.50 per dozen and your mail man will deliver what baby chickens you want at your door. 85 122

## Social and Personal

The "May Day Dance," under the auspices of the Young Business Women's Unit will be held tonight at the Elks to begin at half past eight o'clock.

The Unit is much pleased with the way tickets have been disposed of and are expecting a large crowd, and a nice sum netted for Red Cross work.

A number of out of town people will attend.

The May Day and folk dances will be attractive features of the evening's pleasure. It goes without saying that the music will be good and the evening one of Terpsichorean delight.

Mrs. Raymond Flee gave a birthday supper for her twelve year old son, Raymond that proved an affair of the utmost pleasure to half a dozen of his young friends.

The table looked exceedingly pretty in decorations of white and pink, with a big birthday cake, gleaming with lighted tapers, in the center.

Seated with the young host were Warren Baker, Harold Rodecker, William Gray, Donald Jones, Duane Neal, William Rayl and Kenneth Flee.

## ENTERTAINMENT PLEASES AUDIENCE

The Queen Esther and Priscilla Bible classes of the Christian church, presented a very pleasing entertainment, Tuesday evening, to a very appreciative audience at the church.

The main part of the program was given over to the playlet, "How the Story Grew." As the story goes, a new family moved into "a very select neighborhood." Of course every woman in the neighborhood knew all about the new mistress of the house, and added her "bit of gossip" until the audience screamed with laughter at the ridiculous tales told.

The amusing playlet was very true to life and Mesdames John VanGundy, Clark Mershon, Lettie Dews, Jasper Blackmore, William Soddors, Glenn Spears, John Davis and Corda Toops proved themselves adepts in the ease and cleverness with which they assumed the roles of neighbors.

After the play a delightful musical program of duets, piano solos, and vocal solos was rendered.

Mrs. L. A. Mark and Mrs. Cora Toops had the program in charge.

The silver offering at the door realized a nice sum for the benefit of the church.

## WALLACE CREAMER WILL IS PROBATED

The last will and testament of the late Wallace Creamer, of Jefferson township, was probated Monday morning, and the document, bearing date of June 13, 1904, makes Louis Perrill the executor, and was witnessed by Hon. Mills Gardner and W. E. Robinson.

The bulk of the estate is left to Louis Perrill and his heirs and assigns forever.

To Mr. Perrill is left the home farm of 220 acres in Jefferson township. Mr. Perrill to pay \$65 per acre for 50 acres of the tract, one-third of the amount to be paid within two years after the death of testator, and the remainder in two annual payments. All personal property, live stock, etc., are given to Mr. Perrill.

To M. S. Gray is left a 25 acre tract, and at the death of Mr. Gray this passes to Sadie Creamer, wife of Paschal G. Creamer.

The following bequests of money are made: To sister, Caroline Reid, \$250; to sister, Nancy Stinson, \$250; to sister, Catharine Worthington, \$250; and to sister, Cynthia Wentz, \$100; to Sadie Creamer, \$250; to D. J. Creamer, \$150; to Abbie Weller, \$50; to Hulda Gordon, \$50; Rachel Ones, \$50; and Marie Creamer, \$200.

The balance and residue of the estate are to be equally divided among the sisters, Caroline Reid, Nancy Stinson, Catharine Worthington and Cynthia Wentz.

No bond is required of the executor, Mr. Perrill.

## FIRST FLIGHT OF LIBERTY BATTLER WITNESSED TUESDAY

While a party of Washington men were at the Fairfield Aviation field Tuesday, they witnessed the first flight of the first Liberty Battleplane in use at the big field, and were amazed at the wonderful work of the battleplane. The plane, equipped with a 400 horsepower engine and carrying two men, moved off like a bird, and attained a speed which was estimated reached 150 miles per hour.

Starting from the ground the plane shot upward at a sharp angle and in a wonderfully short period of time was lost to view, returning with the same amazing speed and performing all of the aerial stunts known to the service, including flying with the planes upright, and with the machine upside down.

Dropping to a point near the earth the battler rushed past the observers at a speed so great that it could not be ascertained whether the plane contained one or two men.

The party witnessing the flight of the great plane included Messrs. M. S. Daugherty, J. D. Post, Ed Fite, R. T. McClure and M. E. Hitchcock.

## FAIRBANKS STARS IN HIS OWN PLAY

Douglas Fairbanks, now on a speaking tour for Liberty Loan Bonds

in the East, was the spotlight man at the Wonderland, Tuesday night and will be again tonight.

Altho typically a Douglass Fairbanks' picture, "Down to Earth," is different from any of his previous Art-Craft offerings.

This is due to the fact that the photo play does not feature the popular actor's athletic thrillers, but rather shows why he is capable of performing these hair-raising tricks. It presents his own optimistic view of life in a riot of fun.

It is also an entertaining satire on "Indoor Sports" of society versus the "close of nature" idea.

The story, written by the star himself is new and novel and ends in the most delightful way. The photo play is pronounced the most lavish in its staging of any in which this versatile actor has appeared.

## BOLSHIVIKI CANNOT BE OVERTHROWN IS BELIEF EXPRESSED

By Associated Press Dispatch.

New York, May 1.—There is no power in Russia, which in the absence of foreign aid, has the least chance of overthrowing the Soviet or Bolshevik government, declared Professor E. A. Ross, of the University of Wisconsin, in a report which has just been made to the American Institute of Social Service.

The Institute sent Professor Ross to Russia last year to study social conditions in that country and to try to establish relations between Russian and American social institutions.

"The Cossacks have ceased to exist and the bourgeoisie are impotent to do anything for themselves," wrote Professor Ross. "The estates, no doubt, have been divided among the peasant communes and nothing but foreign conquest can tear them from the moulins."

"With the masses so ignorant and inept in organization, and the state corroded with the graft and inefficiency inherited from the old regime, one cannot imagine public capitalism succeeding in Russia. Such an experiment should be tried only by a more developed people. If low productivity and waste cause the things produced by the factories to be very scarce and dear, the disgruntled peasants may in time lose faith in the Trotsky-Lenine program and throw their support to a party that believes in private capital and individual enterprise."

"Russia will never be able to free herself from mass poverty, unrest and explosion till she adopts, with ample safeguards of course, the system of individual property in the soil."

"I am often asked the question whether Lenin and Trotsky are not agents of Germany. I have no means of knowing, but I found no one who in private conversation avowed such a belief. The bourgeois newspapers were full of such charges but the initiated paid no attention to them. Let me observe, furthermore, that these leaders are responsible for everything they do to a delegate body of 250 genuine Russians and if they have sold out their country these Russians have been unable to perceive the fact."

## CHARLES TO TELL TROUBLES TO BILL

(By Associated Press Cable)

London, May 1.—Emperor Charles of Austria-Hungary accompanied by Baron Burian, the foreign minister, and their staffs, according to an exchange telegraph dispatch from Zurich will proceed almost immediately to German headquarters to confer with the German emperor. Ukrainian and Balkan affairs, it is added, will be discussed.

## PUNCH BOARDS AND SLOT MACHINES IN CITY ORDERED OUT

Mayor V. J. Dahl, Wednesday afternoon issued an order for the elimination of all punch boards and slot machines now in operation within the city limits, acting under an ordinance of long standing, under which ordinance the slot machines and punch board have been kept out of the city much of the time since the saloons were voted out.

The action of Mayor Dahl is said to be the result of numerous complaints that boys and girls were among the chief ones who use the slot machines and punch boards.

The devices have been in operation for many months, and at the present time there are numbers of each device in operation in the city.

In issuing the order Mayor Dahl acted upon information from Solicitor Junk, who had been asked to look up the legal phase of the matter.

## MADISON TOWNSHIP HOLDS BIG MEETING

A meeting of more than ordinary interest and enthusiasm was held at Madison Mills Tuesday night, in the interest of the War Chest campaign, and was addressed by Messrs. C. A. Reid, A. W. Duff, Chas. McLean, M. E. Hitchcock and A. J. Kearney.

The attendance was good and the spirit shown by the Madison township citizens is unsurpassed in any part of the county. At a meeting next Monday night the date of the big Red Cross and War Chest sale will be determined.

## BELLING FOLLOWS

### RETURN FROM TRIP

The home of Mrs. Betty Evans was the scene of a joyous belling party Tuesday night following the return of Mr. and Mrs. Roderick Morris from their wedding trip to Detroit, Mich.

The bride, nee Margene Evans, the pretty older daughter of the home, and the bridegroom had surprised their friends last Thursday by a quiet wedding, after which they slipped off for a motoring trip. Tuesday night was the first chance their friends had to extend congratulations which they did heartily, and accompanied them with an old fashioned belling.

Mr. and Mrs. Morris welcomed the party and served a nice lunch.

## FARMERS VISITED BY OFFICERS WHO INVESTIGATE ACTS

**Were Circulating Propaganda on "The Finished Mystery," Which Government Barred from Circulation Sometime Ago.**

Representatives of the government visited Chas. Connor and W. H. Rogers, two well known farmers of near Jamestown, this week, with a view to suppressing the circulation of propaganda literature which is said to bear a great many earmarks of Germanism.

The visitation of the federal authorities was made after the two men had visited and circularized Jeffersonville with copies of the "Kingdom News" purporting to give data on "The Finished Mystery" and "Why Suppressed."

"The Finished Mystery" is the Pastor Russell book which was barred from circulation because of being against the plans of the government for the conduct of the war, and there fore breathing of Germanism.

When the officers visited the two farmers the men readily admitted that they had been circulating the propaganda, and declared it was in accord with their religious belief. They promised not to continue the circulation of the literature, however, and were not arrested.

The matter has been taken up with the proper authorities and just what will come of the affair is not known.

## PRaise IS GIVEN SOUSA'S BAND IN CONCERT AT XENIA

Regarding one of the big Sousa's Bands from the Great Lakes Naval Training Station, which will give a free concert in this city Friday night of this week, and which appeared at Xenia, Tuesday afternoon, the Xenia Gazette says in part:

Sousa-trained musicians, who have rallied to the colors since the beginning of the present great war, and since the beginning of their training at the Great Lakes Training school have been aiding in promoting the sale of Liberty Bonds, the big Naval band which bears the name of the famous Director, not only delighted thousands who heard it Tuesday afternoon, but inspired its listeners with patriotism.

The fact that the band which played here was but a detachment of the great parent band at Great Lakes, did not lessen in the slightest degree the evenness, charm and harmony of the many-throated music-machine. Entirely in time and harmonious to a note, the great organization of sailors and musicians interpreted their scores with a degree of fineness which captured an enraptured large audience which gathered in the Court House square to hear them.

Enthusiastically welcome here, were the bandmen, the patriotic citizens of Xenia and Greene county turning out in great numbers to royally receive the organization of musicians. Among those present, there was not one who would have passed by this opportunity of hearing the organization which has become famous nation-wide and which this community should feel honored in being able to hear.

## ALL COMMUNICATIONS SHOULD BE SIGNED

The Herald is in receipt of several excellent communications from readers which really should be published. The identity of the authors, however, is not disclosed and our rule forbids publication of any communication unless the identity of the author is made known.

Again we urge upon our readers to sign all communications. It is not necessary that the name of the author be published and it will not be if a request is made to keep it in confidence.

But in every case the editors must know the name of the author of communications before they can be published.

## COLORED MAN HELD FOR U. S. OFFICIALS

"Tut" Smith, mulatto, of Jeffersonville, was placed under arrest Tuesday and brought to this city to await action of the Federal Authorities on a charge of false registration for military service.

Smith declined to register as a negro and instead registered as a white man. When the matter came to the attention of the authorities who are looking after violations of the draft law, his arrest followed, and he was brought to the county jail to await action of the Federal authorities.

It is expected that he will be taken to Columbus in the near future.

## FIRST FAYETTE MAN IN FRANCE WRITES LETTER TO FATHER

John C. Slavens, of this city, is in receipt of a letter from his son, Private Albert M. Slavens, of the Field Artillery, who is said to have been the first Fayette county soldier to step on French soil in the world war, and the letter indicates that he is very close to the battlelines. The letter is given below.

American Expeditionary Force, March 25, 1918.

Dear Father:  
As I haven't written to you for a long time I will send you a little message to let you know I haven't forgotten you.

I am getting along just fine. Am well, with the exception of a little cut on my left hand caused by cutting it with a wood chisel when I was helping build some shacks in the woods. We make our frame work of poles and small trees, fancy carpenter work. The Doctor put two stitches in my hand it is getting along fine. I never lost any time from work.

There is lots of wild boar in this locality. I was out hunting last night but did not have any luck.

There is also a few deer and wild cat in this country, but I haven't seen any where I am now. It is a little bit to noisy I guess.

The weather here is certainly great. Wild flowers are blooming and trees are starting to bud. I am sitting on my bunk without any coat on and am very comfortable.

I wish you would send me some cigarette (Camel) and some chocolates and some Horse Shoe chewing to bacco. Such stuff as that is very scarce here. Be sure and send lots of candy, for I do not get many sweets in France and I am hungry for home made cookies.

Well it is almost chow time so I will close.

## SAYS HE FEELS HUNDRED PER CENT BETTER

**Gets Up Mornings Feeling Fresh and Fine Since He Gave Tanlac a Trial—Tired Feeling Is Gone.**

Albert Swartz, Montague and Spencer streets, Covington, Ky., was all run down. His stomach was disordered and his nerves were out of shape. He tried Tanlac and he says his system was built up so that he feels a hundred per cent better.

"My system was so out of order that even right after getting up in the morning I'd feel all tired out and I'd scarcely have the energy to go to work," Mr. Swartz said.

"My appetite was very poor and I scarcely ate enough to keep me going. What I did eat went against me and didn't do me any good and I seemed to be losing weight right along.

"Finally I tried Tanlac. Well, sir, I was surprised at how much better it made me feel. I hadn't been taking Tanlac very long before my appetite came back and I started sleeping better.

"Now I sleep fine every night and get up mornings feeling fresh and fine. The tired out feeling I used to have is gone completely. I'm a hundred per cent better."

If you feel run down get Tanlac today at Blackmer & Tanquary, Frank Christopher's or C. S. Haver's Drug Store.

# VINOL MAKES WEAK WOMEN STRONG

## Positive—Convincing Proof

We publish the formula of Vinol to prove convincingly that it has the power to create strength.

By Cod Liver and Beef Peptonates, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Lime and Soda Glycophosphates, Cascara.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

# AMERICA HAS MUCH TO DO IN WINNING WARSAYS JOHNSON

Son of Mr. and Mrs. J. A. Johnson, Now With American Engineers, Writes of Impressions Regarding France and Great War—Human Life Cheapest Thing in Zone.

Writing from France under date of March 30th, Lieutenant Frank Johnson, son of Mr. and Mrs. J. A. Johnson, of this city, gives some of his impressions of the war, of France, and of the great work that lies before America in France and at Home before victory is won. His letter follows:

Somewhere in France, March 30th, 1918.

Dear Mother:

This is the first opportunity I have had to write for some time. I have been extremely busy, and in such places that I could not find anything to write with or a place to write. I am now however, very comfortably situated in a small, quaint, French village. I have a room at the hotel, which is scrupulously clean and very comfortable. I cannot attempt to describe it, but it is different from anything I have ever seen—quaint and beautiful.

It is thought that we will be here for some time. I came here yesterday in advance of the troops as bulletin officer to make arrangements for taking care of the troops, which I expect to arrive this afternoon.

France is a beautiful country, not here and there, but everywhere. The cities, and all through out the country. There are no unsightly spots; beautiful neatly trimmed hedge fences divide the farms, and it all seems to have been laid out by a master gardener.

The Frenchman is naturally of a gay frivolous disposition, but the heart of France is now very sad. They have suffered much. The women are all in mourning and only old men and young boys are seen, and it is these people—the women, the old men and the boys who by their unceasing toil in the city and farming the land, is making a victory possible for the Allies.

I have been over considerable of France, in several of the noted places doing special detail work and the gravity of the situation has constantly grown—the effort must be supreme, constant and efficient to win. America will have to do much; to suffer a great deal, to give more than it is now conceivable to give, before the first rays of a peaceful day can penetrate the darkness of the present reign of terror held in the hands of the enemy.

I would like the best way to get into the infantry, to get a crack at the boche, but it seems that I can do more good in line of construction rather than the more exciting work of destruction, but I have seen the real thing and the terrible of it is inconceivable. The cheapest thing here is human life. We are fortunate. Our work is familiar to us and we are, extremely well fed, housed and protected. We are here as technical experts, each one of great value for what we alone can do, and I am afraid we will miss all the excitement incident to dangerous operation at the front.

To a railroad man the railroads of France seem like playthings, just toys—the conductors blow a trumpet when he wants the train to start. Coming over here we barely escaped a disastrous catastrophe—the conductor lost his horn. All the train crew and the passengers joined in the search and fortunately the value-

ble article was found under the coal box in the caboose—if it hadn't been found, I am afraid we would have been there yet, as it seems that the horn is absolutely necessary to start the trains. The engines are toys, the cars are jokes, and the whole operation should have been in effect about 1909 B. C. However there is some good to such a state of affairs—the unfortunate traveler who has forgotten something need only notify the conductor that he will be a few minutes late, and they would not leave without him for the world.

French courtesy is 100 per cent. It appeals to me very much, their custom of shaking hands, kissing and raising their hats, whenever they meet seems strong to the careless American, but never-the-less to me it seems a custom we might well adopt. The Frenchman will not alone benefit by the coming of the American to his country, the American will learn much of value from the Frenchman.

The men of France appeal to me more than the women, they are not exactly the type I fancy, but there is much to be said in their favor too.

I am working in a reciprocal basis with a young lady here. She cannot speak any American and my French of course is very limited. We have a book with both French and English and we are teaching each other. So far the arrangement is very pleasant and possibly more amusing than instructive, but we will get there.

Tobacco in any form is very scarce here. Cigars cost about thirty cents, cigarettes cannot be gotten. I wonder if you could circulate among my various relatives and friends and send me some, just as many cigars and cigarettes as you can get a hold of. My favorite brand of cigarettes are Naturals or Murads. You know I never cared for candy. Over here it is very scarce, and so of course desirable, every one craves sandy, any old kind just so it is candy. I wish I could send you some money to get me this stuff, but there is no way to get it through and I have nothing but French money.

I am hoping to get my first mail from America in a few days, and if I do not get a letter from you will certainly be disappointed. Am feeling fine, weigh about 160, and it is all beef too. You can tell Dad that one of his sons at least is as good a man physically as he is. I don't take my hat off to any one in the Company physically and have demonstrated to all that I can stand more than he most of them. Twenty miles with sixty pounds on my back is just a jaunt for me.

FRANK.

# MEN EXAMINED FOR MILITARY SERVICE

Five men were examined by the Local Board physicians, Tuesday, for military service. The names of the men and the result of the examinations follow:

Howard Milton Sears, for general military service; Roy Clay Downs, general military service; Chas. Stewart Kelly, limited military service; Harry Eye and Henry B. Lightle, physically unfit.

Two men, including Arthur O'Neil, did not report, and have been certified over to the authorities as delinquents.

# CORN PLANTING TO BEGIN NEXT WEEK

Corn planting, which will begin in Fayette county next week, will find the bulk of the plowing completed, and much of the ground ready for receiving the seed.

The cold, rainy weather of this week has held planting back somewhat, as a few of the "early birds" had contemplated beginning their planting this week, and it is possible, if the weather clears toward the latter part of the week, that some may start the planter.

However, the bulk of the farmers, realizing the low germinative powers of their seed corn, will await the most favorable time for planting and then rush the work until the last grain is planted.

It is a well known fact that, although planting is now at hand, many farmers are not yet certain of their seed corn, and have not made proper tests to determine the quality of their seed corn. As a result there will be an unprecedented amount of re-planting by those who have failed to make tests.
